**2004 WIKIPEDIA:** *“Zionism is a political movement among Jews holding that the Jewish people constitute a nation and are **entitled to a national homeland**. The word ‘Zionist’ derives from the word ‘Zion,’ being one of the names of Jerusalem, as mentioned in the Bible. To diaspora Jews, Zion has been a symbol of the Holy Land and of their return to it, as promised by God in Biblical prophecies.”*

# TOXIC NARRATIVE

**2025 WIKIPEDIA:** ***“Zionism is ethno-cultural nationalist movement rooted in the desire to “create a Jewish state in Palestine with as much land, as many Jews, and as few Palestinian Arabs as possible. The common ideology among mainstream Zionist factions is support for territorial concentration and a Jewish demographic majority in Palestine, through colonization.”***

The Convention on the Prevention and Punishment of the Crime of Genocide (1948), states that the actions constituting genocide fit into five categories:

1. Forcibly transferring children of the group to another group.
2. Killing members of the group.
3. Causing serious bodily or mental harm to members of the group.
4. Deliberately inflicting on the group conditions of life calculated to bring about its physical destruction, in whole or in part.
5. Imposing measures intended to prevent births within the group.

## ABOUT 130 CHILDREN BORN DAILY IN GAZA AMID TOTAL SIEGE ON AID AND GOODS

2 APR 2025 - GLOBAL

Share

4 min read

About 130 babies will be born in Gaza every day over a month into a healthcare system driven to the verge of collapse, where some may not survive complications at birth.

**GAZA, 2 April 2025** - About 130 children are being born daily in Gaza as Israeli authorities' total siege on supplies enters its second month, putting mothers and newborns at risk as medical and food supplies run out and a lack of flour closes all bakeries, said Save the Children.

There are about 50,000 pregnant women in Gaza, with 4,000 deliveries estimated in March, according to UNFPA [1]. That's about 130 babies born every day over a month into a healthcare system driven to the verge of collapse, where some may not survive complications at birth.

Not one truck - humanitarian or commercial - has been allowed into Gaza since the Government of Israel imposed a total siege on 2 March. No goods have entered including water, flour, fuel, or medicine, and essential supplies are quickly depleting. All bakeries across the Gaza Strip - a critical source of food - have closed after exhausting their remaining flour stocks, according to the World Food Programme.

GENOCIDE?

# EXPOSING THE LIES

According to World Population Review site, the Gaza population grew by 2.84% in the last year. Less than 3% is admittedly not very high, but it remains a positive number which is the opposite of genocide. It is worth mentioning that the Arab population of Israel in 1948 was about 600,000 and that it has grown to over 2 million since. The Arab population within Israel proper has grown to become over 20% of Israel.

## A UN REPORT

- **Erasure of Hamas as a belligerent:** The report never acknowledges that the IDF is engaged in combat with an estimated 30,000-strong Hamas force in Gaza as well as thousands of fighters from other militant groups. A reader would come away believing the war has the IDF deployed against only women and children, with Hamas erased from the narrative. The Commission makes no attempt to analyze the war itself, because in its alternative version of reality, there is none.
- **Silence on Hamas's military infrastructure:** There is no mention of Hamas's 17-year military buildup in Gaza, including its vast tunnel network, booby-trapped buildings, and massive arms buildup. By ignoring this reality, the report strips the conflict of its military context and recasts lawful military targets as evidence of genocide.

# EXPOSING THE LIES

- **Erasure of Hamas's use of civilian infrastructure:** The Commission ignores Hamas's openly acknowledged human shield strategy, including its use of mosques, schools, residential buildings, and hospitals to conceal tunnels and weapons. Instead, damage to these sites is consistently portrayed as deliberate targeting of civilians by Israel.
- **No recognition of the hostage crisis:** The report omits the fact that Hamas took Israeli hostages and continues to hold them, starve them, and rape them. This omission is consistent with the broader erasure of Hamas as an active actor in Gaza, removing essential context from the Commission's narrative.

# EXPOSING THE LIES

- **Reliance on Hamas-supplied fatality data:** Despite Hamas's long record of exaggerating civilian deaths and its status as a US and EU-designated terrorist organization, its figures are treated as fact while IDF data on combatants killed is ignored.
- **Civilian deaths distorted as evidence of genocide:** The report presents civilian casualties as prima facie proof of genocidal intent rather than as tragic and unavoidable consequences of urban warfare, exacerbated by Hamas's human shield strategy. The Report cites numerous incidents where civilians were killed as intentional and targeted acts by Israel without evidence.

# EXPOSING THE LIES

- **Normal wartime consequences treated as crimes:** Regular and expected wartime impacts on civilians, such as mental health impacts, difficulty accessing medical care and displacement, are depicted as evidence of genocide rather than inevitable outcomes of urban conflict.
- **Urban devastation portrayed as extermination:** Large-scale damage is cited as proof of genocide, ignoring that urban combat inherently produces extensive destruction, particularly when military forces are embedded within civilian areas.

The UN General Assembly-mandated Palestinian rights committee issued a statement on Wednesday reminding that the famine is projected to spread in the coming days, if Israel fails to allow in more food aid.

“This catastrophic man-made disaster comes on the heels of two years of near total Israeli destruction and blockade of Gaza and relentless military assaults that have decimated civilian infrastructure, including food production capacities and all other means of subsistence,” the committee said.

## IRRATIONALITY FROM SATAN

### Zechariah 3:1-2

*3 Then he showed me Joshua the high priest standing before the angel of Yahweh, and Satan standing at his right hand to accuse him. 2 And Yahweh said to Satan, "Yahweh rebuke you, Satan! Indeed, Yahweh who has chosen Jerusalem rebuke you! Is this not a brand delivered from the fire?"*

## IRRATIONALITY FROM SATAN

### 1 Peter 5:8-9

*8 Be of sober spirit, be watchful. Your adversary, the devil, prowls around like a roaring lion, seeking someone to devour. 9 But resist him, firm in the faith, knowing that the same experiences of suffering are being accomplished among your brethren who are in the world.*

## A SPIRITUAL BATTLE

Ignoring that Satan is behind all aspects of antisemitism is blinding those who want to fight the oldest hatred. We cannot **fight antisemitism** if we do not understand that we are in a **spiritual battle**.

**Ephesians 6:12** *For our struggle is not against flesh and blood, but against the rulers, against the authorities, against the world forces of this darkness, against the spiritual forces of wickedness in the heavenly places.*

## A DESTRUCTIVE AGENDA

- It is all part of Satan's desire to turn the world against the Jews and the Jews against Yeshua, so that his [Satan] position remains secure.
- If the Jewish people cease to exist, nobody Jewish will cry out "*Baruch Haba Bashem Adonai*" and Yeshua will not return.
